Dear Processor:

The purpose of the enclosed application for “POSEY, COUNTY OF” is to request Special Temporary Authority to operate on frequencies from their expired call sign WNQC210.

An application to permanently reinstate the technical data from call sign WNQC210 has been submitted to AASHTO for frequency coordination and has been assigned Identification Number 110520001083. Once the application has been approved, it will be forwarded to the FCC for application processing.

We ask that this STA be approved so that the County can continue to operate its radio system which is the main source of public safety communications for Posey County.

Sincerely,

James E. Utley
